mp3 format (all files have been converted) but what I'm not sure of is: Are there any other files that I may need or would they be all that I need in order to put them into a programme, such as: Steinberg Music Live Ableton Live etc Please can someone help Thanks Pablo A: I think there are two questions here. If they are all midi files, then you should be fine using a program such as Steinberg's MusicLive. If you have been given a CD with the original mp3 files on it, then I think that you're going to need to get yourself a CD recorder (and possibly a turntable) if you want to play the files you're after. Happening in Bricks in Belzoni A Journey into Belzoni's Past An Historic Brick Storehouse in Belzoni A glimpse into the past is always an interesting diversion when visiting Belzoni. One of the first things that you will see on arrival into town is the Belzoni Brick Storehouse. Belzoni is a picturesque and quiet town, nestled between the imposing hills of the Sand Hills and the east bank of the Mississippi River. The area of Belzoni was settled in 1826 and first known as Monroe Prairie. When the railroad arrived in the mid 19th century, the town took on the name of Belzoni. Belzoni was named after Dr. Samuel Belzoni, who discovered the ancient Egyptian city of Thebes and participated in the Scientific American Expedition of 1831-1832 to Central America. Brick Storehouse Belzoni Brick Storehouse: A unique sight in Belzoni, the Brick Storehouse was built in 1897. It is the only remaining brick building in Belzoni. The Brick Storehouse houses a museum that displays a replica of the land survey that first settled this part of the state. Another special feature is the fact that the first settlers, the Harringtons, have their tombstones right outside the museum. Indian Cave State Historic Site: Belzoni is home to the Indian Cave State Historic Site, where you will find the cave that it is named after. The cave was discovered in 1832 by Dr. Samuel Belzoni and is approximately 150 feet long, 35 feet wide and 100 feet high. Long and Important 82157476af
